Dear Customer,

We are reaching out regarding your transition to the new Exfeed Reporting Portal as already announced in SIX Exfeed Message No. 08/2024 and 15/2024.

Because you have executed an Agreement with SIX Exfeed (DDA, NDIU, SAS), we have already set up an account for you in the new portal to enable electronic reporting. You will receive your login credentials shortly in a separate email.

📖 **Further Reading**

Please refer to the attached **SIX Exfeed Reporting Portal User Guide** to assist with initial access.

Exfeed has configured the relevant Information products and corresponding product codes in your account as per your submitted Order Form. Beginning in January 2025, you will be able to complete and submit electronic reports directly through the Exfeed Reporting Portal for all reports from January onward.

Until that time, you will have view-only access to the Exfeed Reporting Portal, where you can review your Information Product inventory. Initial reports, covering up to two years including August 2024, have been preloaded. Additional inventory will be made available as data is reported by the client.
